

Music

Mission Statement:

At QE we believe that Music is an integral part of the human condition, and is essential to the well-rounded education of all students. As an art form it engenders concentration, teamwork, individual confidence and self-discipline.

The aim of the music department is to provide all students with a wide range of practical music making experiences in both curricular and extra-curricular activities. Students are encouraged regardless of their ability. We provide a positive, inclusive environment where students can develop their imagination, self-esteem and teamwork skills.

Why music?

Through collaborative practical work, the study of music helps to develop lifelong skills such as the ability:

- to be creative and think outside the box.
- to plan ahead.
- to take responsibility.
- to collaborate and work effectively with others to meet goals.
- to manage time well and handle several projects at once.
